PERSONAL STATEMENT

As an individual who has already completed undergraduate have already developed a mature and responsible approach to take any task or situation that I am presented with. I never say no to learning new skills and experiences. Always exhilarated to face new challenges and overcome them as I believe that each challenge teaches a valuable lesson. This is what motivates me and gets me off of my bed in the morning and gets me eager to work.

CAREER OBJECTIVE

I hope to be a professional who is always open to learning new things and working together with my co-workers and mentors. I am confident that during my time in this company, I will definitely attain new skill and will be able give back to the company accordingly by working hard. I will assist the company in every way I can and be a valuable asset. Furthermore, I already have a very good knowledge in Laravel and have also taken two 50 hours course in Laravel. Finally, I am also a quick learner so I believe I will be a right fir in the work environment
